Zoho.com

CRM This is a place where you can create an online database that can be reached by any device.

The screenshot shows the Zoho CRM interface. At the top, there is a navigation bar with the Zoho CRM logo on the left and links for Subscription, Try Other Editions, Setup, and Help on the right. Below this is a secondary navigation bar with Home, Leads, Accounts, Contacts, Potentials, Reports, and Activities. A search bar is located on the right side of this bar. The main content area starts with a welcome message: "Welcome Ron Berry at Berry Piano Service". Below this is a section titled "Getting Started with Zoho CRM" with a link to "Don't show this screen anymore". The section contains four items, each with an icon and a description:

- Leads**: Lead are the individuals or representatives of organizations who show interest in your products or services. [Create Lead](#) or [Import Leads](#)
- Contacts**: Contact are the people in a company with whom you communicate and interact in pursuit of a business opportunity. [Create Contact](#) or [Import Contacts](#)
- Accounts**: Account are companies or department within a company, with which you make business dealings. [Create Account](#) or [Import Accounts](#)
- Activities**: Activity are a list or register of tasks, events, and calls associated to the CRM records pertaining to different modules. [Create Task](#) or [Create Event](#) or [Create Call](#)

Below this section is "Easy Setup for Administrator" with two items:

- Add User**: Start building your sales team
- Customization**: Customize the CRM to your business needs

Finally, there is a "Personalize your settings" section with one item:

- Time Zone and Locale Information**: Personalize your CRM account by setting your country locale, time zone, language and personal details.

A vertical sidebar on the left side of the dashboard is labeled "Recent Items".

OpenOffice.org

A complete office suite with Word Processor, Spreadsheet, Database, and Presentation software that is compatible with Microsoft Office files. Open Office is free. This is not cloud software but it runs on any computer and you can get mobile apps that view its files.

The screenshot shows the Apache OpenOffice Product Description page in Mozilla Firefox. The browser address bar shows www.openoffice.org/product/index.html. The page features the Apache OpenOffice logo with the text "100,000,000+ Downloads!" and "The Free and Open Productivity Suite". A prominent blue banner reads "New: Apache OpenOffice 4.1.0 released!". Below this, a navigation menu includes links for Product, Download, Support, Blog, Extend, Develop, Focus Areas, and Native Language. A sidebar on the left lists products: Writer, Calc, Impress, Draw, Math, Base, Suite, and Reviews. The main content area, titled "Apache OpenOffice Product Description", states that the suite is free to download, use, and distribute. It lists the components: Writer (word processor), Calc (spreadsheet), Impress (multimedia presentations), Draw (diagrams and 3D illustrations), Base (database manipulation), and Math (mathematical equations). A large blue circular logo with a white bird is positioned on the right side of the page. The Windows taskbar at the bottom shows the time as 20:09 on 6/27/2014.

Gimp Photo Editing Software

Your free alternative to Photoshop. This is complete image editing software.

The screenshot shows the official GIMP website. At the top, there is a navigation menu with links for Home, About, Downloads, Features, Screenshots, News, and Get Involved. The main header features the GIMP logo and the text "GNU Image Manipulation Program". Below this, there is a large image of paintbrushes with the text "gimp 2.8" and buttons for "Release Notes" and "Download". A sidebar on the right contains links for News, Screenshots, Features, Downloads, Documentation, Get Involved, Plug-in Registry, GIMP Development, and Donations. The main content area includes a paragraph describing GIMP as a freely distributed software for tasks like photo retouching, image composition, and image authoring. Below this, there is a paragraph explaining that this is the official GIMP website and serves as a distribution point for the latest releases. A prominent announcement states "DOWNLOAD SERVER RENAMED TO DOWNLOAD.GIMP.ORG, NO FTP ANYMORE" dated "2014-05-13". A small GIMP mascot icon is next to a heads-up note about the server rename. The bottom of the page shows a Windows taskbar with various application icons and a system tray with the date "6/27/2014" and time "20:15".

Release Notes Download

GIMP is the GNU Image Manipulation Program. It is a freely distributed piece of software for such tasks as [photo retouching](#), image composition and [image authoring](#). It works on many operating systems, in many languages. ([more...](#))

This is the official GIMP web site. It contains information about downloading, installing, using, and enhancing it. This site also serves as a distribution point for the latest releases. We try to provide as much information about the GIMP community and related projects as possible. Hopefully you will find what you need here. Grab a properly chilled beverage and enjoy.

Dear Piano,
It was on {DATE} that you and I were last together for a tuning. I was thinking about you today and wondering if you have slipped out of shape since your last tuning. I wouldn't want you to be embarrassed by the sounds you would make if someone sat down to tickle your ivories.
Don't despair, little piano, for your sweet harmonies can be restored. I can come back to visit you with my bag of tools. We can put you back in tune so you will sound the way a piano is meant to sound. Just have your people give me a call. You can contact me by email at ron@berrypiano.com or check out my web page at www.berrypiano.com

The screenshot shows a Firefox browser window displaying the ToolPak website. The page features a navigation bar with the ToolPak logo and various product categories like PACKS, TOOLBELT, DAYPAK, CLIMBER, TANKPAK, and BUCKETPAK. Below the navigation bar, there is a section for "The ToolPak 4 Panel #03100" with a sub-heading "The ToolPak Organizer for 60 Tools". The main content area shows three images of the backpack: one closed, one open showing the interior compartments, and one open showing the exterior pockets. To the right of the images, there is a "Call for Information" section with the phone number 1-800-258-8458 and a list of features for the ToolPak 4Panel.

The ToolPak 4Panel, #03100, is similar to the ToolPak Original #90650, a convenient backpack for tools, but the 4 Panel has less panels, four tool organizing panels and less places for tools, 60 different tools holders. Perfect for many applications which don't require as many tools, many technicians use the 4Panel to create a specialty kit for a specific task. The ToolPak 4Panel's features are--

- Made in black from 1200 denier polyester for a softer touch
- Ergonomic shoulder straps with convenient utility loop
- Leatherette wrapped, padded handles
- Heavily-padded back panel
- Water-repellent exterior to protect tools from moisture
- Attachment points for an optional waist strap
- 60 pockets and holders for your tool
- Unique patented systems keeps tools in place
- Two outside pockets.

Scottevest.com

Technical Clothing

The screenshot shows the Scottevest.com website in a Firefox browser window. The address bar displays `www.scottevest.com/v3_store/SeV-Sportcoat.shtml`. The browser's sidebar on the left contains various bookmarks and tabs, including 'Inbox (42) - berry...', 'Google Calendar', and 'SeV Sport Coat - ...'. The website header features the 'SCOTTEVEST' logo with the tagline 'TOTAL POCKETS SOLD: 10,339,239' and navigation links for 'HOME', 'EMAIL LIST', and 'RETURNS'. A red banner on the right encourages signing up for a newsletter with the text 'Make Your Life More Pockety! SIGN UP for Our Weekly Newsletter'. The main navigation bar includes categories like 'SALE', 'HELP ME DECIDE', 'ENGINEERED FOR MEN', 'ENGINEERED FOR WOMEN', 'TOOLS & TOYS', and 'ABOUT SeV'. The central product display features a blue jacket with an 'X-RAY VIEW' showing internal pockets containing a smartphone and a tablet. A 'Why We Engineered This:' callout box explains that the jacket was designed for a holiday and James needed a new sport jacket with 24 pockets. To the right of the jacket, the price is listed as '\$200.00', and there are dropdown menus for 'Choose Color' and 'Choose Size', along with a 'Quantity' selector set to '1'. A prominent green 'ADD TO CART' button is visible, along with social media sharing icons and a 'WISH LIST' button. Below the product, a shipping notice states '\$5 SHIPPING OVER \$125 UPS U.S. GROUND ONLY, FREE OVER \$250'. A 'HIGH-QUALITY BLEND FABRIC' badge is also present. At the bottom right, there is a '23 POCKETS' badge and a 'Ask Us A Question Now!' button. The Windows taskbar at the bottom shows the system clock as 14:37 on 4/24/2014.

The image is a screenshot of the iTunes Preview page for the RedLaser app. At the top, there is a navigation bar with links for Store, Mac, iPod, iPhone, iPad, iTunes (selected), and Support, along with a search icon. Below the navigation bar, the page title is "iTunes Preview" and there are links for Overview, Features, and iTunes Charts. The main content area features the app title "RedLaser – Barcode Scanner, Shopping Assistant & QR Code Reader" by eBay Inc. A blue button labeled "View More by This Developer" is positioned to the right. Below the title, a message says "Open iTunes to buy and download apps." To the left of the description is a red app icon with the letters "IR" in white. Below the icon is a blue button that says "View in iTunes". The description section includes the app name, a quote from The New York Times, and links to the developer's website, app support, and license agreement. The "What's New in Version 5.2.0" section lists three updates: added local inventory data, added exclusive product deals, and the app becoming 64-bit. A "Free" label is present, along with category, update date, version, size, and language information. At the bottom, there is a section for "iPhone Screenshots".

Internet-Go from Walmart

This is a device that creates a WiFi hotspot for up to 5 devices and uses a pre-paid cellular connection to connect to the Internet. This is perfect for a computer or WiFi only iPad that does not have its own cellular connection. Pre-paid rates are \$45 for 3 GB with no monthly fee and the bytes don't have to be used within one month. Some phones can create a hotspot but check the charges for that. The recent iPhone update 7.1.2 lets you create a hotspot but uses the data on your data plan. If you have a old unlimited plan it won't let you do that.

Computer Security

Set up Limited User Account

- If you are running Windows, set up a new administrator account and change your current account to a limited user.
- This can protect you from most browser based exploits.
- It requires you to enter your admin password more often, whenever you add software or do some administrator function, but the added security is worth it. Macs and Linux set you up this way by default.
- *Remember, 100% of the IE exploits, which is the main way malware gets in, were blocked during all of 2013, if you just weren't an admin user. 100% of them. And what is it, in the 90s, of like the other...Leo: It's 92% for operating system exploits, yeah.*
- Watch my video about this [here](#).

Managing Password

- Ellen DeGeneres has this [3 minute video](#) to show her “Password Minder” solution to this problem. This adds humor but gets to the root of the problem.

Threema Secure Texting

The screenshot shows a Firefox browser window displaying the Threema website. The browser's address bar shows the URL <https://threema.ch/en/>. The website's main heading is "Threema." with the tagline "Seriously secure mobile messaging." Below this, there are navigation links for "Intro", "How to use", "What's New", "FAQ", "Download", and "Support". A paragraph of text describes the app's security features, mentioning "end-to-end encryption". To the right, there are two columns of features: "End-to-end encryption" and "Synchronize contacts". On the far right, there is a smartphone displaying the Threema app interface, showing a "My ID" screen with fields for "Threema ID" and "Key Fingerprint". The browser's sidebar on the left shows various open tabs, including "Inbox (42) - berry...", "Contact Manager...", "Google Calendar", "Log in", and "Threema - Serious...". The system tray at the bottom shows the date and time as "14:22 4/24/2014".

Seriously secure mobile messaging.

[Intro](#) [How to use](#) [What's New](#) [FAQ](#) [Download](#) [Support](#)

[iOS](#) | [Android](#)

Threema is a mobile messaging app that puts security first. With true **end-to-end encryption**, you can rest assured that only you and the intended recipient can read your messages. Unlike other popular messaging apps (including those claiming to use encryption), even we as the server operator have absolutely no way to read your messages.

 **End-to-end encryption**
All encryption happens on your device, and asymmetric cryptography ensures that only the intended receiver can

 **Synchronize contacts**
Find your friends on Threema automatically by synchronizing your contacts. Or add them manually if you prefer – it's your choice.

Threema

- A Text messaging app that give you total end to end encryption of your messages
- For most security you hold phones facing each other to get encryption keys with a QR code.
- Even the Threema people can't unencrypt your messages.

Gmail create filter

The screenshot shows the Gmail interface. At the top, there's a navigation bar with links to various Google services: +Ron, Search, Images, Maps, Play, YouTube, News, Gmail, Drive, Calendar, and More. Below this is the Google search bar with the text "label:ptg-pianotech" and a search icon. To the right of the search bar, it says "Ron Berry" with a notification badge showing "3" and a "Share" button with a profile picture.

The main interface has a "Gmail" dropdown menu on the left. Below it is a "COMPOSE" button. A list of labels is visible on the left side, including "PTG/CAUT Mic...", "PTG/Chapter L...", "PTG/ECC (92)", "PTG/HUG Feat...", "PTG/HUG Prod...", "PTG/Improveme...", "PTG/IITG (1)", "PTG/Pianotech...", "PTG/PTG (13)", "PTG/PTG-L (242)", "PTG/Sandy (43)", "PTG/SCRC (3)", "PTG/User Help ...", and "PTG/Webmast...".

The main content area shows an email from "John Alsina <jalsina@roadrunner.com>" with the subject "[ptech] WNG shanks". The email body contains the following text:

AI,

I'm sorry to say that the WNG shanks have been an unhappy experience for me. I was surprised, because I inquired about them beforehand, and the reports were satisfactory. Perhaps I got a bad lot of shanks, or perhaps the people I consulted beforehand were simply replacing worn out or damaged shanks, and not doing a complete action rebuild to new specifications, as I was.

The long and the short of it is:

The shanks required no papering at all. I only had to burn a few, but it wasn't difficult using a heat gun. However, fewer than 20 out of 88 shanks met their friction specification of 3 grams +/- 1 gram. Most were considerably higher; some were virtually frozen (one swing), and a few had no measurable friction (15 or more swings).

A "More" menu is open over the email, showing options: "Mark as unread", "Mark as important", "Add to Tasks", "Add star", "Create event", "Filter messages like these" (highlighted), and "Forward all".

On the right side, there's a "People (14)" section with a profile for "John Alsina" and an "Add to circles" button. Below that is a "Map this" section with the address "314 E Church St, Belleville, WI 53508". At the bottom right, there's a link for "Ads - Why these ads?".

Checking out and tuning a Chickering baby grand from 1923. Any idea what these braces are doing, seem kind of cheap/flimsy to me to be supporting anything or doing anything? The braces are light aluminum? Thanks all. As a newbie, you can be assured you will see more post from me!
