Zoho.com

CRM This is a place where you can create an online database that can be reached by any device.

The screenshot shows the Zoho CRM dashboard for a user named Ron Berry. The top navigation bar includes the Zoho CRM logo, a subscription status, and links for 'Try Other Editions', 'Setup', and 'Help'. Below this is a secondary navigation bar with tabs for 'Home', 'Leads', 'Accounts', 'Contacts', 'Potentials', 'Reports', and 'Activities'. A search bar is located on the right side of this bar. The main content area is titled 'Getting Started with Zoho CRM' and includes a 'Recent Items' sidebar on the left. The main content is organized into several sections: 'Getting Started with Zoho CRM' (with a 'Don't show this screen anymore' link), 'Leads' (describing individuals or representatives), 'Contacts' (describing people in a company), 'Accounts' (describing companies or departments), and 'Activities' (describing tasks, events, and calls). Below these are sections for 'Easy Setup for Administrator' (including 'Add User' and 'Customization') and 'Personalize your settings' (including 'Time Zone and Locale Information').

Themes

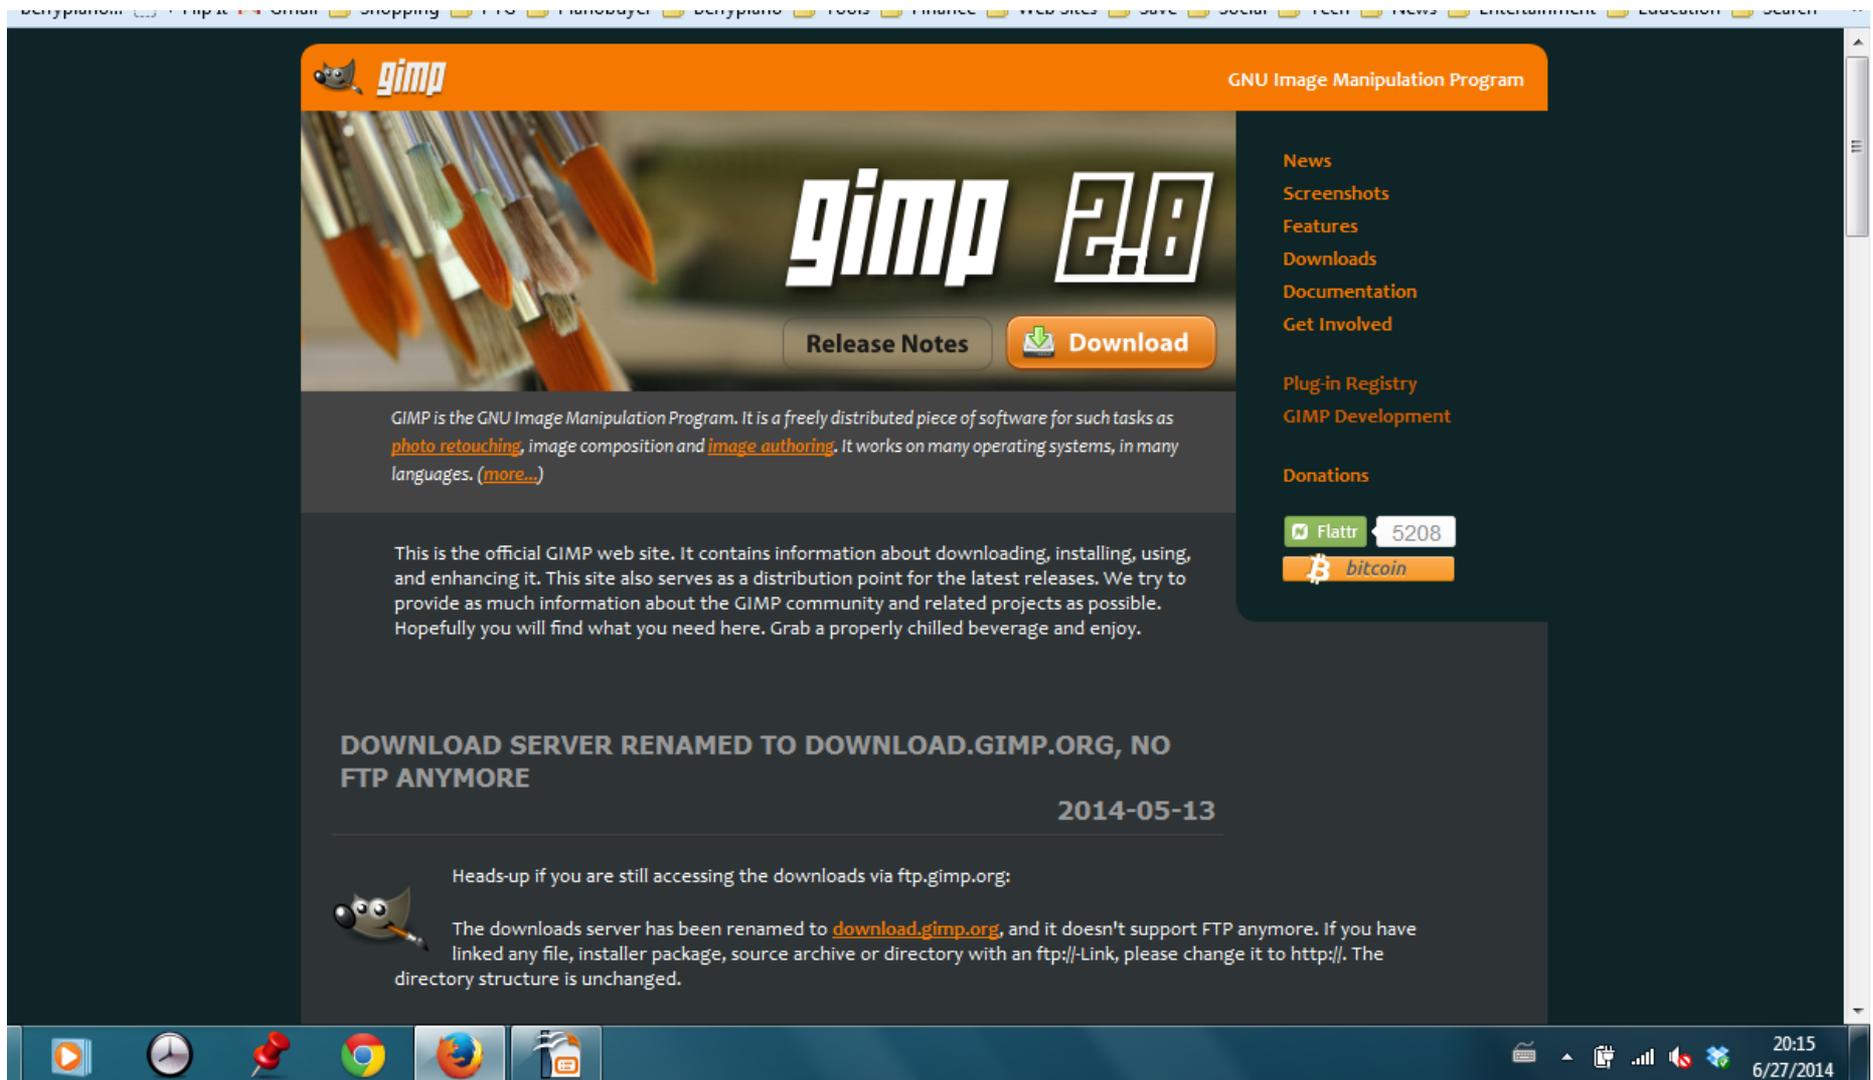

OpenOffice.org

A complete office suite with Word Processor, Spreadsheet, Database, and Presentation software that is compatible with Microsoft Office files. Open Office is free. This is not cloud software but it runs on any computer and you can get mobile apps that view its files.

The screenshot shows a Mozilla Firefox browser window displaying the Apache OpenOffice Product Description page. The browser's address bar shows the URL www.openoffice.org/product/index.html. The page features the Apache OpenOffice logo with the text "100,000,000+ Downloads!" and the tagline "The Free and Open Productivity Suite". A prominent blue banner announces "New: Apache OpenOffice 4.1.0 released!". Below this, a navigation menu includes links for "Product", "Download", "Support", "Blog", "Extend", "Develop", "Focus Areas", and "Native Language". A sidebar on the left lists "PRODUCTS" such as Writer, Calc, Impress, Draw, Math, and Base, along with a "MORE" section for Suite and Reviews. The main content area, titled "Apache OpenOffice Product Description", states that the suite is free to download, use, and distribute, and provides a "Download it now" link. It lists the components: Writer (word processor), Calc (spreadsheet), Impress (presentation software), Draw (diagram and 3D illustration software), Base (database software), and Math (equation editor). A large blue circular logo with a white bird is positioned on the right side of the page. The Windows taskbar at the bottom shows the system clock as 20:09 on 6/27/2014.

Gimp Photo Editing Software

Your free alternative to Photoshop. This is complete image editing software.

The screenshot shows the GIMP website homepage. At the top, there is a navigation bar with the GIMP logo and the text "GNU Image Manipulation Program". Below this, there is a large banner featuring the GIMP logo and the text "gimp 2.8". To the right of the banner, there is a "Download" button. Below the banner, there is a paragraph of text describing GIMP as a freely distributed piece of software for tasks like photo retouching, image composition, and image authoring. To the right of the main content, there is a sidebar with a list of links: News, Screenshots, Features, Downloads, Documentation, Get Involved, Plug-in Registry, GIMP Development, and Donations. Below the sidebar, there is a Flattr widget showing 5208 and a Bitcoin widget. At the bottom of the page, there is a section titled "DOWNLOAD SERVER RENAMED TO DOWNLOAD.GIMP.ORG, NO FTP ANYMORE" dated 2014-05-13, with a heads-up message and a link to the new download server.

Release Notes  Download

GIMP is the GNU Image Manipulation Program. It is a freely distributed piece of software for such tasks as [photo retouching](#), image composition and [image authoring](#). It works on many operating systems, in many languages. ([more...](#))

This is the official GIMP web site. It contains information about downloading, installing, using, and enhancing it. This site also serves as a distribution point for the latest releases. We try to provide as much information about the GIMP community and related projects as possible. Hopefully you will find what you need here. Grab a properly chilled beverage and enjoy.

DOWNLOAD SERVER RENAMED TO DOWNLOAD.GIMP.ORG, NO FTP ANYMORE

2014-05-13

 Heads-up if you are still accessing the downloads via [ftp.gimp.org](ftp://ftp.gimp.org):

The downloads server has been renamed to download.gimp.org, and it doesn't support FTP anymore. If you have linked any file, installer package, source archive or directory with an `ftp://`Link, please change it to `http://`. The directory structure is unchanged.

Click2Mail

- Send reminder cards to your customers
- <https://click2mail.com/>

The screenshot shows the Click2Mail website interface. At the top, there is a navigation bar with the Click2Mail logo and several menu items: Mail & Print Products, Specialty Mail, Mailing List Services, Marketing & Design, Advanced Services, and HELP. A red circle highlights the 'New Customer' and 'Sign in' links in the top right corner. Below the navigation bar, there is a 'Cart (0)' icon. The main content area is divided into several sections. On the left, there is a sidebar with a date 'October 02, 2012', a welcome message 'Welcome to Click2Mail.com', and several links: 'New Customer? Start here', 'Product Selection', '(Cost Estimator)', 'Request free samples', 'Mailing ideas blog', 'Special offers', and 'Partner with us'. Below these links is a search bar and a login section for 'Return user? Sign in' with fields for 'Username' (containing 'ronberry') and 'Password'. The main content area features a grid of product categories: 'Postcards', 'Letters & Flyers', 'Booklets', 'EasyLetterSender', 'Priority Mail Plus', 'Certified Mail', 'Reply Mail', 'Mailing Lists', 'EDDM', and 'Mobile Marketing'. At the bottom, there is a large green banner for 'Click2Mail MailJack' with the text 'Print directly to the mail stream...'. A 'Select printer:' pop-up menu is open, showing options: 'Laser Printer', 'Inkjet Printer', 'Click2Mail MailJack' (highlighted with a mouse cursor), 'Adobe PDF', and 'All-In-One Printer'. To the right of the banner is a blue promotional box for 'Send an Easy letter or Easy picture postcard FREE!' with images of mail pieces.

Click2Mail

- This service at click2mail.com is a printing service that prints and mails my reminder cards. Sending cards for the month now only takes about 10 minutes. No more printer, cutting cards, printing labels, sticking labels and stamps!
- They do much more than postcards
- Even 4 color brochures.
- This is a great hybrid solution of online and print media.

Dear Piano,

It was on {DATE} that you and I were last together for a tuning. I was thinking about you today and wondering if you have slipped out of shape since your last tuning. I wouldn't want you to be embarrassed by the sounds you would make if someone sat down to tickle your ivories.

Don't despair, little piano, for your sweet harmonies can be restored. I can come back to visit you with my bag of tools. We can put you back in tune so you will sound the way a piano is meant to sound. Just have your people give me a call. You can contact me by email at ron@berrypiano.com or check out my web page at www.berrypiano.com

iPhone apps for business

Card Now

“Print” Business cards from your phone. This is a fun app that make people remember the time you gave them a business card.

The screenshot shows a desktop environment with a Windows taskbar at the bottom. The main content is a webpage for the 'Card Now' app. At the top, there's a blue banner with the text 'Magical Business' and 'Create a magical moment, every time you hand out your business card.' Below this, the text reads 'It's time for handing out your business card to mean something to people!' followed by a paragraph about the problem of business cards being forgotten. A 'Buy Now - \$8.99' button is visible, along with a QR code and a handwritten note 'Scan to download!'. The bottom of the page has a section titled 'What happens exactly?' with a partially visible sentence: 'An image of your business card magically appears on your iPhone screen. As you shake the phone around, the card appears to be'.

CARD NOW

Magical Business

Create a magical moment,
every time you hand out your business card.

It's time for handing out your business card to mean something to people!

How often do you hand out your business card and never hear from the person again? How many of your cards end up in the back of someone's draw? Or worse, in the trash!

There is an alternative. With **Card Now**, not only will you be remembered, you and your business card will be talked about! Your new contact will delight in telling their friends about what just happened. An amazing moment of magic that produced your business card from a phone!

Find my Phone

The screenshot displays the 'Find My' application interface. At the top, a 'Devices' button is on the left and a 'Help' button is on the right. The main area is a map titled 'All Devices' showing a street grid with a green dot indicating the location of a device at the intersection of E 66th St and N Parker Ave. A sidebar on the left, titled 'My Devices', lists three items: 'All Devices' (with a device icon), 'Ron Berry's iPhone 5' (with a green dot and 'Located less than a minute ago'), 'Ronald's iPad' (with a green dot and 'Located less than a minute ago'), and 'Ron Berry's iPhone' (with a grey dot and 'Offline'). At the bottom right of the map, there is a map style selector with three options: 'Standard', 'Satellite', and 'Hybrid', with 'Standard' selected.

Find or erase your phone

The screenshot displays the 'Find My iPhone' application interface. At the top, a search bar contains the text 'Ron Berry's iPhone 5'. Below the search bar is a map showing a street grid with a green dot indicating the device's location. A large white information panel is overlaid on the right side of the map. This panel features a small image of an iPhone 5 at the top, followed by the text 'Ron Berry's iPhone 5' and 'Located 2 minutes ago'. Below this text are three buttons: 'Play Sound' (with a speaker icon), 'Lost Mode' (with a padlock icon), and 'Erase iPhone' (with an iPhone icon and a red 'X'). At the bottom of the map, there are three map style selection buttons: 'Standard', 'Satellite', and 'Hybrid'. The map itself shows various streets, including E 71st St, E 67th St, and E 62nd St, and landmarks like Broad Ripple Park and several churches.

Available on the App Store

WeekCal

WeekCal gives you many different views of your calendar data but still uses the same underlying data.

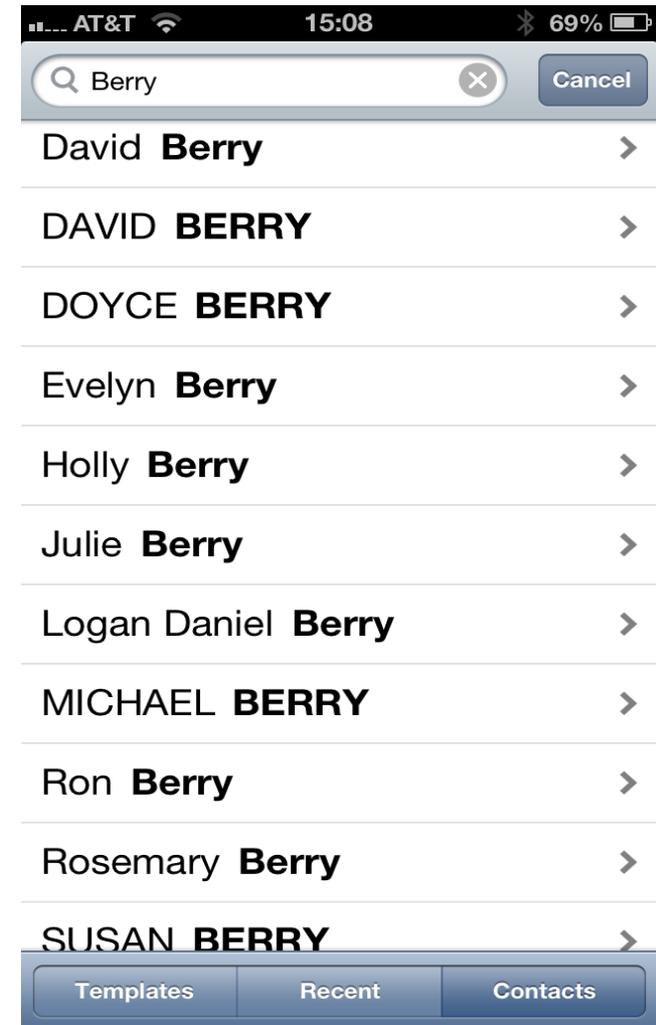

The best part is that you can set up an appointment and link it to your client's data so that it will enter the address information in the calendar entry.

WeekCal

Tap the bookmark icon to open your contact list and search it.

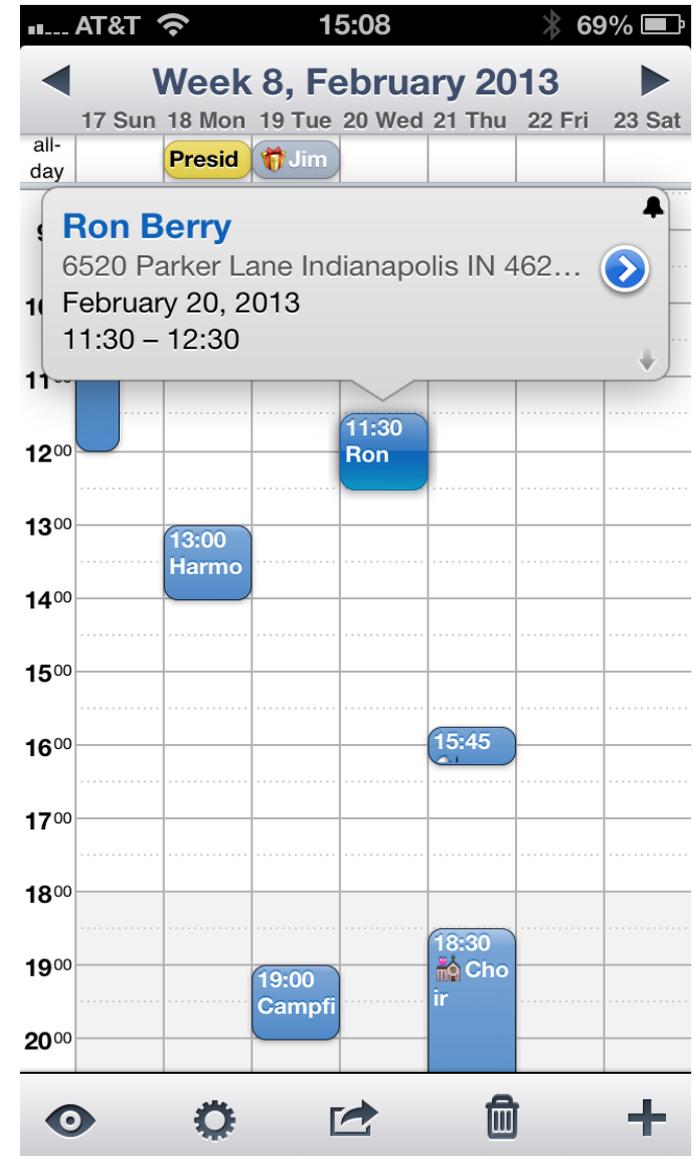

WeekCal

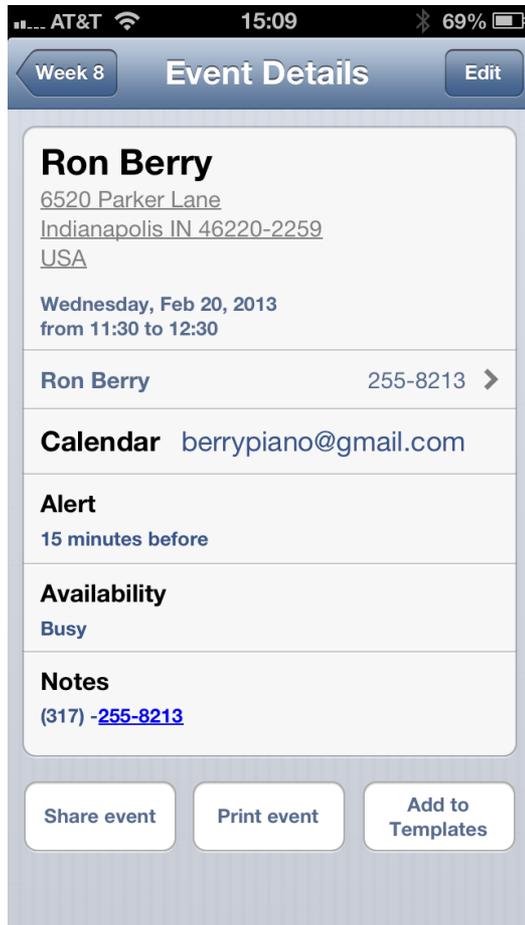

After selecting the contact, notice that it enters the address from the contact information.

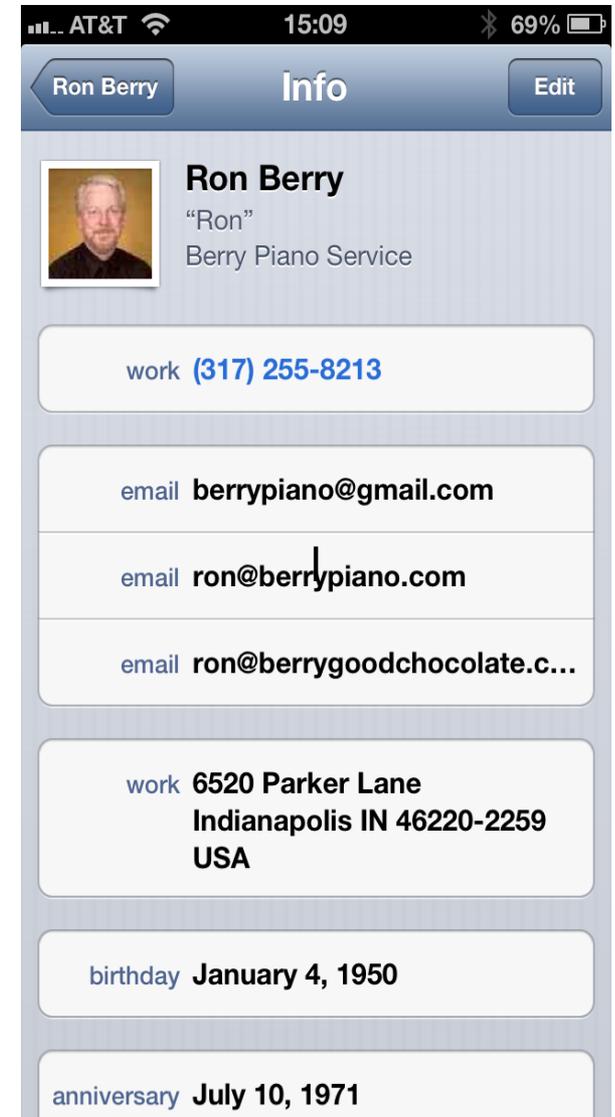

The new appointment show in the calendar and can be tapped to pop up the more complete information.

WeekCal

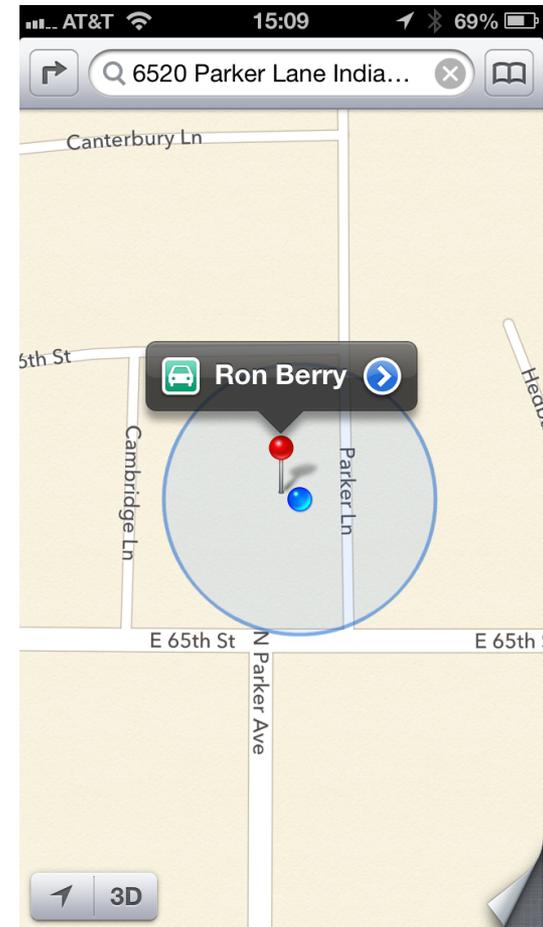

Tapping the arrow opens the full information for the appointment. Then tapping the name and phone in the middle of the record opens that actual contact information that the appointment is linked to.

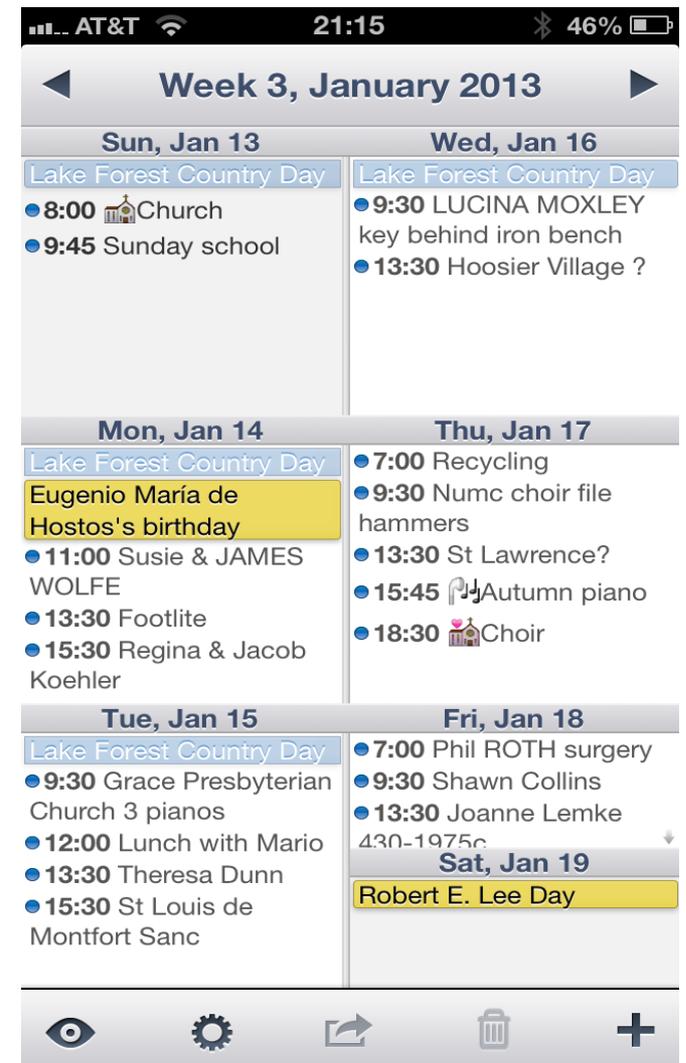

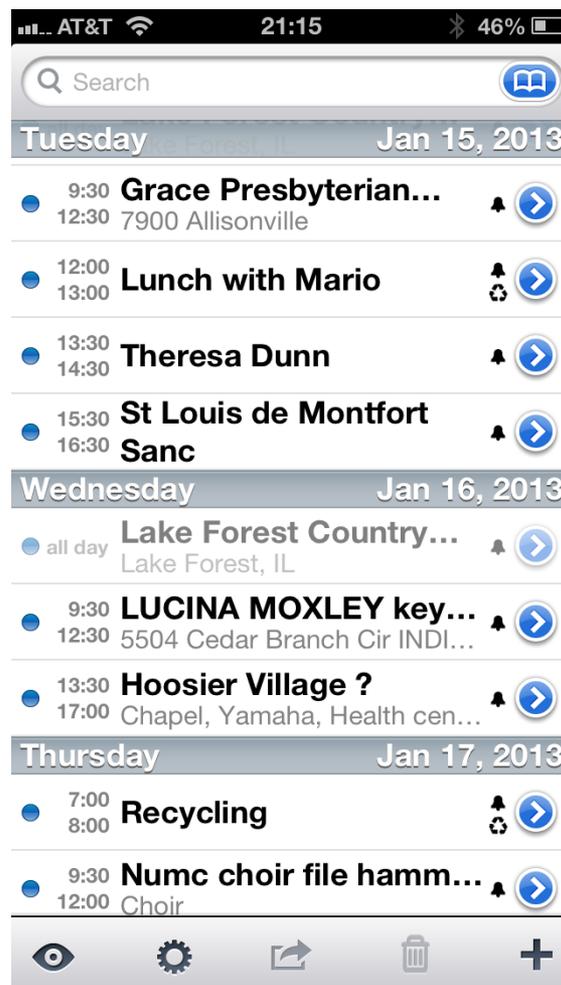

WeekCal

Tapping the address from the contact information opens the map. The maps app can give driving directions.

Red Laser create and read QR codes

The image shows a screenshot of the iTunes Preview page for the RedLaser app. At the top, there is a navigation bar with links for Store, Mac, iPod, iPhone, iPad, iTunes, and Support, along with a search icon. Below this, the page title is "iTunes Preview" with sub-links for Overview, Features, and iTunes Charts. The main content area features the app title "RedLaser – Barcode Scanner, Shopping Assistant & QR Code Reader" by eBay Inc., a "View More by This Developer" link, and a prompt to "Open iTunes to buy and download apps." The app icon is a red rounded square with the letters "R" and "L" in white. A "View in iTunes" button is present. The description section includes a quote from The New York Times and links to the developer's website and license agreement. The "What's New in Version 5.2.0" section lists updates such as local inventory data, exclusive product deals, and 64-bit support. The page also includes a section for "iPhone Screenshots".

The screenshot displays the Evernote web interface. At the top, a green banner contains the text "Get Premium for Free" on the left, "Go Premium" in the center, and the user's name "Ron Berry" on the right. Below this is the Evernote logo and a search bar. The main content area is divided into three sections: a left sidebar with "Shortcuts" and "Notebooks", a central "All Notes" list, and a right-hand "Note View" area. The "Notebooks" sidebar lists "All Notes (32)", "berrypiano's notebook (16)", "Cloud Class (1)", "Computer (1)", "Mileage", "MRCO (1)", "Penultimate (1)", "Personal (1)", "Prison book (11)", "PTG", "SwiftKey Notes", and "Trash (44)". The "All Notes" list shows several entries, with the top one being "Pedal Spring for Joe Levitt" (2 hours ago). The "Note View" area shows the selected note, "Pedal Spring for Joe Levitt", with a thumbnail image of a keyboard mechanism. The note's content is a photograph of a keyboard mechanism, showing a wooden board with the number "62" and "6172937" embossed on it, and several metal pins or screws arranged in rows. The Windows taskbar is visible at the bottom, showing the time as 20:42 on 6/27/2014.

Internet-Go from Walmart

This is a device that creates a WiFi hotspot for up to 5 devices and uses a pre-paid cellular connection to connect to the Internet. This is perfect for a computer or WiFi only iPad that does not have its own cellular connection. Pre-paid rates are \$45 for 3 GB with no monthly fee and the bytes don't have to be used within one month. Some phones can create a hotspot but check the charges for that. After ios 7.1.2 lets you create a hotspot but uses the data on your data plan. If you have a old unlimited plan it won't let you do that.

Podcasts

Listen to what you want as you drive. A podcast is basically a tape recording of a radio show produced for the Internet.

The screenshot displays the 'My Podcasts' app on an iPad. The top status bar shows 'iPad', signal strength, time '12:28', and battery level '89%'. The app header includes 'Edit', 'My Podcasts', and 'Last Updated on Feb 2, 2015, 09:25'. The left sidebar lists several podcasts: MSNBC Rachel Maddow (audio), The Public Philosopher, The Republic by Plato presented..., Justice with Michael Sandel, Medicare Minutes, Social Security Publications, APM: Performance Today - Piano Pu..., Security Now (MP3), and Tech News Today (MP3). The main content area shows the 'Security Now (MP3)' podcast by TWIT, with 5 unplayed episodes. A detailed view of an episode, 'SN 508: Exploiting Keyless Entry', is shown, featuring a host profile for Steve Gibson. Below this, a list of other episodes is visible, including 'SN 506: Law Enforcement Backdoors', 'SN 504: Great Firewalls & Cannons', 'SN 503: Your Questions, Steve's Answers 210', and 'SN 502: The TrueCrypt Audit'. The bottom of the screen shows the iPad's home indicator and dock icons.

Computer Security

Set up Limited User Account

- If you are running Windows, set up a new administrator account and change your current account to a limited user.
- This can protect you from most browser based exploits.
- It requires you to enter your admin password more often, whenever you add software or do some administrator function, but the added security is worth it. Macs and Linux set you up this way by default.
- *Remember, 100% of the IE exploits, which is the main way malware gets in, were blocked during all of 2013, if you just weren't an admin user. 100% of them. And what is it, in the 90s, of like the other...Leo: It's 92% for operating system exploits, yeah.*
- Watch my video about this [here](#).

Managing Password

- Ellen DeGeneres has this [3 minute video](#) to show her “Password Minder” solution to this problem. This adds humor but gets to the root of the problem.

"Privacy? I don't have anything to hide."

Over the last 16 months, as I've debated this issue around the world, every single time somebody has said to me, "I don't really worry about invasions of privacy because I don't have anything to hide." I always say the same thing to them. I get out a pen, I write down my email address. I say, "Here's my email address. What I want you to do when you get home is email me the passwords to all of your email accounts, not just the nice, respectable work one in your name, but all of them, because I want to be able to just troll through what it is you're doing online, read what I want to read and publish whatever I find interesting. After all, if you're not a bad person, if you're doing nothing wrong, you should have nothing to hide." **Not a single person has taken me up on that offer.**

Gmail create filter

The screenshot shows the Gmail web interface. At the top, the navigation bar includes links for +Ron, Search, Images, Maps, Play, YouTube, News, Gmail, Drive, Calendar, and More. The search bar contains the text "label:ptg-pianotech". The user's name "Ron Berry" and a notification badge with the number "3" are visible. Below the navigation bar, the Gmail header shows "Gmail" and a "More" dropdown menu. The "More" menu is open, displaying options: "Mark as unread", "Mark as important", "Add to Tasks", "Add star", "Create event", "Filter messages like these" (highlighted), and "Forward all".

The email being viewed is from "John Alsina" with the subject "[ptech] WNG shanks". The email body contains the following text:

AI,

I'm sorry to say that the WNG shanks have been an unhappy experience for me. I was surprised, because I inquired about them beforehand, and the reports were satisfactory. Perhaps I got a bad lot of shanks, or perhaps the people I consulted beforehand were simply replacing worn out or damaged shanks, and not doing a complete action rebuild to new specifications, as I was.

The long and the short of it is:

The shanks required no papering at all. I only had to burn a few, but it wasn't difficult using a heat gun. However, fewer than 20 out of 88 shanks met their friction specification of 3 grams +/- 1 gram. Most were considerably higher; some were virtually frozen (one swing), and a few had no measurable friction (15 or more swings)

On the right side of the interface, there is a "People (14)" section with a card for "John Alsina" and a "Map this" section showing the address "314 E Church St, Belleville, WI 53508".

Define the filter

The screenshot shows a Gmail interface with a search bar at the top containing the text "list:(<pianotech.googlegroups.com>)". A filter creation dialog box is open, showing the following fields:

At the bottom of the dialog box, there is a search icon and a button labeled "Create filter with this search »".

Control how the filter works

The screenshot shows the Gmail search filter configuration interface. At the top, a navigation bar includes links for +Ron, Search, Images, Maps, Play, YouTube, News, Gmail, Drive, Calendar, and More. The main header features the Google logo, a search bar with a magnifying glass icon, the user name 'Ron Berry' with a notification badge '3', and a 'Share' button with a profile picture. Below the header, the search filter is titled 'list (<pianotech.googlegroups.com>'. A 'back to search options' link is visible. The configuration section, titled 'When a message arrives that matches this search:', contains several options with checkboxes: 'Skip the Inbox (Archive it)', 'Mark as read', 'Star it', 'Apply the label:' (with a 'Choose label...' dropdown), 'Forward it' (with an 'add forwarding address' link), 'Delete it', 'Never send it to Spam', 'Send canned response:' (with a 'No canned responses' dropdown), 'Always mark it as important', and 'Never mark it as important'. A 'Create filter' button is present, along with an unchecked checkbox for 'Also apply filter to 155 matching conversations.' and a 'Learn more' link. On the right side, a summary shows '1-20 of about 155' results with navigation arrows and a settings gear icon. The email list below shows several entries with subjects like 'cracks fixable?', 'What is the "swinging pinning gauge", Ed?', 'Price list', 'project with a French polish', 'rebuild', 'stein grand piano model E | eBay', 'rebuild', 'Well, not too many fast running mountain streams here in Florida eith', 'neighborhood', 'ges', 'jalsina .. Avery (16)', and 'jalsina, Al (2)'. The list includes icons for star, trash, and reply, and shows the sender's name and the time of the message.

#Alumin...

Checking out and tuning a Chickering baby grand from 1923. Any idea what these braces are doing, seem kind of cheap/flimsy to me to be supporting anything or doing anything? The braces are light aluminum? Thanks all. As a newbie, you can be assured you will see more post from me!

David Ricketts:

My first idea is it's an attempt to better define the soundboard shape. Alla acosté bars.

The screenshot displays the Google+ web interface. At the top, there is a navigation bar with the Google+ logo, a color palette, and tabs for 'Highlights', 'All photos', 'Albums', and 'More'. To the right of the tabs are icons for 'Upload photos', a notification bell, a user profile, and a chat bubble. Below the navigation bar, a grid of album thumbnails is visible. Each thumbnail shows a representative image from the album, the album name, the date, and the number of photos. A 'Screenshot saved' notification box is overlaid on the bottom right of the album grid. At the bottom of the browser window, the address bar shows the URL: <https://plus.google.com/u/0/photos/113288287252693466239/albums/6005682907724819297>. The Windows taskbar at the very bottom shows the system tray with the date and time: 18:04 7/7/2014.

Pictures as they get uploaded.

The screenshot displays the Google+ interface for a photo album. At the top, there are navigation tabs: "Highlights" (selected), "All photos", and "More". To the right, there are icons for notifications, a profile, and a chat bubble, along with an "Upload photos" button. The album title is "June 28, 2014", with a sub-header "15 photos · Jun 28, 2014 · Louisville, Kentucky · Select". Action buttons for "Tag people", "Share", and a dropdown menu are visible. A vertical sidebar on the right contains an "Up" arrow, a "Jun 2014" label, and a "More" button. The main content area shows a grid of photos: the top row has three photos (two of a man at a computer, one of a man at a piano); the middle row has a large placeholder with an 'X' and a photo of a man at a piano; the bottom row has a photo of a group of men, a photo of green chairs, and a "More" button. Below the album, a partial view of another album from "Jun 23, 2014" is visible. The Windows taskbar at the bottom shows the time as 18:05 on 7/7/2014.

Group communication
And sharing

The screenshot shows the Slack website homepage on an iPad browser. The browser's address bar displays "slack.com". The page features the Slack logo (a hashtag in a circle followed by "slack") in the top left. In the top right, there is a "Sign in" button and the text "Have an account?". The main headline reads "So yeah, we tried Slack ...", with a sub-headline stating "The Sandwich Video team tried Slack. Turns out it really *did* change the way they communicate." Below the text is a video player showing a man at a computer with a play button overlay. At the bottom, there is a sign-up form with fields for "Email Address" and "Company Name", and a "Sign up for Free" button. A footer note states "Slack is free to use for as long as you want and with an unlimited number of people."
